

## Mission

To promote full productive lives and healthy relationships among children, families, and individuals through responsive home and community-based therapeutic programs, education, case management and support services carefully designed to meet the unique circumstances of our clients using person-centered principles.

## Our Commitment

We are committed to providing a safe space for our clients where there is acceptance and an opportunity to enhance their quality of life as well as family and community relationships. We offer a broad array of comprehensive and coordinated therapeutic and case management services to meet the social and developmental needs of clients.

## Our Programs

We offer five programs which focus on improving relationships and parenting skills as well as addressing both the emotional, developmental and case management needs of our clients. Our services include psychotherapy, therapeutic groups, coordinated assessments and linkage to community resources as well as comprehensive case management services. Our trained staff utilize attachment and trauma-informed care and person-centered principles.
